

I. Unele dintre lucrarile publicate in perioada: 1995-2011.

1. **A. Petrescu.** New trends in Nanotechnology. Int. Conf. on Control Systems.6. pag. Iasi. 1995.
2. **A. Petrescu, I.Petrescu.** A critical View on Computer Performance Measurement Programs. International Conference on Control Systems and Computer Science, CSCS15,Bucharest. 1995.
3. **A. Petrescu, F. Iacob, Z. Racovita** “Initiere in structura calculatoarelor electronice”,188 pag. Editura Teora, 1996.
4. S.Gutu, D.Farcas, **A.Petrescu,**: Les Domaines de la Sante et de l’eneignement en Roumanie - besoins d’information et telecommunication. Sophia Antipolis, Seminaire “Teleactivites” 25 nov.- 5 Dec.pag. 32-40. 1996.
5. Camelia Zlatea, **A. Petrescu.** Exploiting Data Parallelism of matrix Multiplication Algoritms. International Conference on Control Systems and Computer Science, Bucuresti, 1997.
6. Camelia Zlatea, **A. Petrescu.** A Framework for Developing Reusable and Safe Distributed Embedded Systems. International Conference on Control Systems and Computer Science, Bucharest 1997.
7. **A.Petrescu.** Conectivitate Audio si Video in Internet - MBONE. 6 pag.. Lucrarile Conferintei Rolul Invatamantului si Cercetarii Stiintifice in Dezvoltarea Economiei Nationale. Bucuresti. 1997.
8. S. Georgescu, **A. Petrescu.**Supervised Real-Time Labeling in Hybrid Connectionist HMM Speech Recognition Systems. Romanian Journal of Information Science and Technology Nr. 2/1998.
9. **A.Petrescu, N.Popescu,D.Popescu.** A fuzzy Expert System For Electroencephalogram Analyse. Proceedings of the 21th National Conference on Medical Informatics.pag.259-266.Arad.1998.

10. **A.Petrescu**. Sistem Client-Server pentru Dezvoltarea de Programe Verilog. . Lucrarile Conferintei Rolul Invatamantului si Cercetarii Stiintifice in Dezvoltarea Economiei Nationale. 6. pag.1998.
11. **A.Petrescu**. Dezvoltarea Interfetelor Grafice pentru Aplicatiile Controlate de Evenimente. Lucrarile Conferintei AFCEA. Romanian Chapter. 6 pag. Bucuresti. 1998.
12. N. Popescu, D.Popescu, **A. Petrescu** si col. Fuzzy Expert Systems for Medical Investigations. CSCS 12 International Conference Proceedings, Bucuresti, 1999
13. N. Popescu, D.Popescu, **A. Petrescu** si col. Fuzzy Methods for the Identifications of periodical Electrical Signals. CSCS 12 International Conference Proceedings, Bucuresti, 1999.
14. **A.Petrescu**. Configurable Computing. Lucrarile Conferintei Rolul Invatamantului si Cercetarii Stiintifice in Dezvoltarea Economiei Nationale. 6.pag. UPB. Aprilie 1999.
15. S.Georgescu, **A. Petrescu**. FAPES: A Fuzzy ARTMAP Probability Estimator for Hidden Markov Models. Systems. Romanian Journal of Information Science and Technology Nr. 2/2000.
16. **A. Petrescu**. Configurable Computing and Microprogramming. University Politehnica & Fachhochschule Regensburg- Computer Science - Joint Workshop, 12-13 January 2000.
17. S.Georgescu, **A. Petrescu**. FAPES: A Fuzzy ARTMAP Probability Estimator for Hidden Markov Models. Romanian Journal of Information Technology, nr. 3.2000.
18. **A.Petrescu**, N. Popescu, D.Popescu,. "Fuzzy Logic Applied on a Mobil Robot", Conferința Națională de Energetică Industrială – CNEI 2000, Bacău, Romania, 9-11 noiembrie 2000.

19. **A. Petrescu**, N. Popescu, D. Popescu, . A comparison between classical neural networks and fuzzy neural networks. CSCS 13, June, 2001, Bucharest.
20. **A. Petrescu**, C. Popescu. Methods to improve performance for the new VLIW processing structures. CSCS 13, June, 2001, Bucharest
- 21 C. Nitipir, **A. Petrescu**. A new global routing approach and its parallel implementation. CSCS 14, July, 2003, Bucharest.
22. **A. Petrescu** and coll. General Parallel File System (GPFS) for Linux Clusters. Periodica Politechnica, Transactions on Automatic Control and Computer Science. Vol. 49, (63) 2004. Buletinul Universitatii Politehnica Timisoara.
23. **A. Petrescu**. Streaming Technology. Bavarian Open University Courses. 2004.
24. **A. Petrescu**, C. Popescu, D. Popescu. Calculatoare Numerice 1. Ed. Printech. Bucuresti, 2007.
24. C. Nitipir, **A. Petrescu**, "New Routing Algorithms for FPGA", CSCS-16, 2007
25. I. Petrescu, D. Popescu, A. Petrescu. Implementarea algoritmilor de tip CORDIC in FPGA. Revista Romana de Informatica. nr. 3. 2008.
26. Iacob Petrescu, Dragos Popescu, **A. Petrescu**. A generic FPGA based associative processor. International Conference CSCS17, 22-23 May 2009, Bucharest Romania.
27. Dragos Popescu, **A. Petrescu**. Block cipher implementation using reconfigurable hardware. International Conference CSCS17, 22-23 May 2009, Bucharest Romania.
28. Mihnea Rosu-Hamzescu and **A. Petrescu**. A mobile sensors ad-hoc wireless network. nternational Conference CSCS17, 22-23 May 2009, Bucharest Romania.
29. Dragos Popescu, Mihnea Rosu-Hamzescu and **A. Petrescu**. Distributed reconfigurable digital systems virtual laboratory. International Symposium on UICS (Understanding Intelligent and Complex Systems). 22-23 October 2009 ,Targu Mures,Romania.

30. V. Petcu, **A. Petrescu**, I. Nastase Advanced Telemedicine System of Systems for Remote Monitoring of Patients and Elderly People. Med e Tel, April, 2010 Luxemburg.
31. V. Petcu, **A. Petrescu**. The Systems of systems applications for telemedicine - The 9th RoEduNet International Conference. Sibiu. June 25th 2010
32. V. Petcu, **A. Petrescu**. Remote monitoring of patients and elderly people. A system of systems approach. Lucrarile celei de-a V-a Conferinta ASTR. Craiova, 28-29 septembrie 2010
33. V. Petcu, A. Boteanu, **A. Petrescu**. Remote Monitoring of Patients and Elderly People. CSCS18, Bucharest, May, 2011.
34. A. Boteanu, **A. Petrescu**. Fuzzy logic ECG analyzer for portable devices. CSCS18, Bucharest, May, 2011.
35. V. Ciobanu, **A. Petrescu**. The cloud computing environment for ECG signals analysis. CSCS 18 , Bucharest, May 2011.

II. Laboratoare nou infiintate:

1. Laborator sub egida ASTR

Reconfigurable Digital Systems Laboratory. <http://rdsl.csit-sun.pub.ro/>

(Laboratory under ASTR's endorsement). (2009).

2. Laborator de cercetare-dezvoltare in domeniul Telemecicini.

UPB (Facultatea de Automatica si Calculatoare) - UTI. (2010)
